DETAILED ACTION

Election/Restrictions

1. Applicant's election of Species B (claims 3-6, 9-12) in the reply filed on 3/20/06 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Accordingly, claims 1-2 and 7-8 are withdrawn from further consideration.

Information Disclosure Statement

2. The information disclosure statement filed 2/3/04 is a duplicate of that filed 6/8/04.

Specification

3. The disclosure is objected to because of the following informalities: --to-- should be inserted after "obliquely" in line 30.

Appropriate correction is required.

Claim Objections

4. Claim 3 is objected to because of the following informalities: "DAT" should be --DAF-- in 10. Appropriate correction is required.

Claim Rejections - 35 USC § 102

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 3-6 and 9-12 are rejected under 35 U.S.C. 102(b) as being anticipated by the Prior Art cited in the reference to Tohyama et al. (US 5930654).

Art Unit: 1733

The Prior Art depicted in Figure 2, and disclosed in detail at column 2 lines 4-26 in the background section of the Tohyama reference, teaches all the limitations set forth in present claims 3-6 and 9-12.
